(FOREIGN INVESTMENTS ACT OF 1991),
AS AMENDED BY REPUBLIC ACT NO. 8179¹

The National Economic and Development Authority (NEDA) hereby issues the following rules and regulations implementing Republic Act No. 7042, otherwise known as the Foreign Investments Act of 1991, as amended by Republic Act No. 8179:

Attn: Kevin Atubo
OP- Malacanang

RULE I. DEFINITIONS

SECTION 1. DEFINITION OF TERMS. For purposes of these Rules and Regulations:

a. Act shall refer to Republic Act No. 7042 entitled "An Act to Promote Foreign Investments, Prescribe the Procedures for Registering Enterprises Doing Business in the Philippines, and for Other Purposes", also known as the Foreign Investments Act of 1991, as amended by Republic Act No. 8179.

b. **Philippine national** shall mean a citizen of the Philippines or a domestic partnership or association wholly owned by citizens of the Philippines; or a corporation organized under the laws of the Philippines of which at least sixty percent (60%) of the capital stock outstanding and entitled to vote is owned and held by citizens of the Philippines; or a corporation organized abroad and registered as doing business in the Philippines under the Corporation Code of which 100% of the capital stock outstanding and entitled to vote is wholly owned by Filipinos; or a trustee of funds for pension or other employee retirement or separation benefits, where the trustee is a Philippine national and at least sixty percent (60%) of the fund will accrue to the benefits of Philippine nationals. *Provided, That where a corporation and its non-Filipino stockholders own stocks in a Securities and Exchange Commission (SEC) registered enterprise, at least sixty percent (60%) of the capital stock outstanding and entitled to vote of each of both corporations must be owned and held by citizens of the Philippines and at least sixty percent (60%) of the members of the Board of Directors of each of both corporations must be citizens of the Philippines, in order that the corporation shall be considered a Philippine national. The control test shall be applied for this purpose.*

Compliance with the required Filipino ownership of a corporation shall be determined on the basis of outstanding capital stock whether fully paid or not, but only such stocks which are generally entitled to vote are considered.

¹ Text in bold and italic reflect change under R.A. 8179.

For stocks to be deemed owned and held by Philippine citizens or Philippine nationals, mere legal title is not enough to meet the required Filipino equity. Full beneficial ownership of the stocks, coupled with appropriate voting rights is essential. Thus, stocks, the voting rights of which have been assigned or transferred to aliens cannot be considered held by Philippine citizens or Philippine nationals.

Individuals or juridical entities not meeting the aforementioned qualifications are considered as non-Philippine nationals.

c. **Foreign corporation** shall mean one which is formed, organized or existing under laws other than those of the Philippines.

Branch office of a foreign company carries out the business activities of the head office and derives income from the host country.

Representative or liaison office deals directly with the clients of the parent company but does not derive income from the host country and is fully subsidized by its head office. It undertakes activities such as but not limited to information dissemination and promotion of the company's products as well as quality control of products.

d. **Investment** shall mean equity participation in any enterprise organized or existing under the laws of the Philippines. It includes both original and additional investments, whether made directly as in stock subscription, or indirectly through the transfer of equity from one investor to another as in stock purchase. Ownership of bonds (including income bonds), debentures, notes or other evidences of indebtedness does not qualify as investment.

The purchase of stock options or stock warrants is not an investment until the holder thereof exercises his option and actually acquires stock from the corporation.

e. **Foreign investment** shall mean an equity investment made by a non-Philippine national; *Provided*, however, that for purposes of determining foreign ownership, peso investments made by non-Philippine nationals shall be considered; *Provided, further*, that only foreign investments in the form of foreign exchange and/or other assets actually transferred to the Philippines and duly registered with the Central Bank (CB) and profits derived therefrom can be repatriated; and *Provided, finally*, That, for purposes of Section 8 of the Act, and Rule VIII, Section 6 of these Rules and Regulations, Existing Foreign Investment shall mean an equity investment made by a non-Philippine national duly registered with the SEC or the Bureau of Trade Regulation and Consumer Protection (BTRCP) in the form of foreign exchange and/or other assets transferred to the Philippines.

or who in any calendar year stay in the country for a period or periods totaling one hundred eighty (180) days or more; participating in the management, supervision or control of any domestic business, firm, entity or corporation in the Philippines; and any other act or acts that imply a continuity of commercial dealings or arrangements, and contemplate to that extent the performance of acts or works, or the exercise of some of the functions normally incident to and in progressive prosecution of commercial gain or of the purpose and object of the business organization. The following acts shall not be deemed "doing business" in the Philippines:

- (1) Mere investment as a shareholder by a foreign entity in domestic corporations duly registered to do business, and/or the exercise of rights as such investor;
- (2) Having a nominee director or officer to represent its interests in such corporation;

port enterprise to another export enterprise that subsequently exports the same; *Provided*, That sales of export products to another export enterprise shall only be deemed exports when actually exported by the latter, as evidenced by loading certificates or similar commercial documents; and *Provided, finally*, that without actual exportation, the following shall be considered constructively exported for purposes of the Act: (1) sales of products to bonded manufacturing warehouses of export enterprises; (2) sales of products to export processing zone enterprises; (3) sales of products to export enterprises operating bonded trading warehouses supplying raw materials used in the manufacture of export products; and (4) sales of products to foreign military bases, diplomatic missions and other agencies and/or instrumentalities granted tax immunities of locally manufactured, assembled or repacked products whether paid for in foreign currency or pesos funded from inwardly remitted foreign currency.
