*Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:*

SECTION 1. *Nature and Scope of Franchise.* — Subject to the provisions of the Constitution and applicable laws, rules and regulations, there is hereby granted to the Olongapo Electricity Distribution Company, Inc., hereunder referred to as the grantee, its successors or assigns, a franchise to construct, install, establish, operate and maintain for commercial purposes and in the public interest, a distribution system for the conveyance of electric power to the end-users in the City of Olongapo and its suburbs.

SEC. 2. *Manner of Operation of Facilities.* – All electric distribution facilities, lines and systems for electric services owned, maintained, operated or managed by the grantee, its successors or assigns, shall be operated and maintained at all times in a superior manner, and it shall be the duty of the grantee, its successors or assigns, whenever required to do so by the Energy Regulatory Commission, hereinafter referred to as the ERC, or its legal successor, or the Department of Energy, hereinafter referred to as the DOE, or its legal successor, or any other government agency concerned, to modify, improve and change such facilities or systems in such a manner and to such extent as the progress in science and improvements in the electric power services may render reasonable and proper.

Whenever practicable and for purposes of maintaining order, safety and aesthetics along highways, roads, streets, alleys or right-of-way, the grantee may allow the use of free spaces in its poles, facilities or right-of-way by interested parties upon reasonable compensation to the grantee considering cost incurred to accommodate and administer the use of the grantee's facilities by such parties. The ERC shall decide in case of dispute or disagreement between parties.

SEC. 3. *Authority of the Energy Regulatory Commission (ERC).* – The grantee shall secure from the ERC, or any other government agency which has jurisdiction over the operation of the herein grantee, the necessary certificate of public convenience and necessity and other appropriate permits and licenses for the construction and operation of its electric distribution system.

SEC. 4. *Ingress and Egress.* – For the purpose of erecting and maintaining poles or other supports for said wires or other conductors for the purpose of laying and maintaining underground wires, cables or other conductors, it shall be lawful for the grantee, its successors or assigns, with the prior approval of the Department of Public Works and Highways (DPWH) or the local government unit (LGU) concerned, as may be appropriate, to make excavations or lay conduits in any of the public places, highways, streets, lanes, alleys, avenues, sidewalks or bridges of said province, cities and/or municipalities: *Provided, however,* That a public place, highway, street, lane, alley, avenue, sidewalk or bridge disturbed, altered or changed by reason of erection of poles or other supports

or the underground laying of wires, other conductors or conduits, shall be repaired and replaced in workmanlike manner by said grantee, its successors or assigns, in accordance with the standards set by the DPWH or the LGU concerned. Should the grantee, its successors or assigns, after the ten (10)-day notice from the said authority, fail, refuse or neglect to repair or replace any part of public place, road, highway, street, lane, alley, avenue, sidewalk or bridge altered, changed or disturbed by the said grantee, its successors or assigns, then the DPWH or the LGU concerned shall have the right to have the same repaired and placed in good order and condition at double expense to be charged against the grantee, its successors or assigns.
